EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mary Eliason on 1-13-12.

The application has been amended as follows:

Claims 102-104, and 108-118 have been canceled.

In claim 106, line 1, "claim 102" has been replaced with -- claim 93 --

In claim 107, line 8, "having a silica to copper ratio in the range of 1:0.34 to 1:5.15" has been deleted.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Horai is the nearest prior art to claim 93 but does not teach nor does Horai fairly suggest a copper silicate having a silica to copper ratio of 1:5.15, 1:0.78, 1:0.53, or 1:0.34 where the copper silicate is crystalline, which applicant has claimed and which is produced in a readily manufacturable manner. The examiner acknowledges that Chrysocolla is contemplated in Horai as having a range of copper contents, however Chrysocolla is considered to be an amorphous copper silica as evidenced by "X-Ray absorption

spectroscopic study of copper in an amorphous copper silicate: chrysocolla" to McKeown.

The following prior art has also been considered U.S. Patent Application Publication 2004/0110738 to Gillis et al. and the English Language translation of JP 04-182312 to Inaoka. However these do not teach or fairly suggest a crystalline copper silicate having a silica to copper ratio of 1:5.15, 1:0.78, 1:0.53, or 1:0.34.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to LUCAS STELLING whose telephone number is (571)270-3725. The examiner can normally be reached on Monday through Friday 9:00AM to 5:00PM.
